

## **Nippers At The National Portrait Gallery**

MARCH 14, 2015 by the gentle author

Burne-Jones' Works in the East End

These photos record the moment when Horace Warner introduced the **Spitalfields Nippers** to the Whitechapel Gallery at its opening in 1901. Now it is my pleasure, over a century later, to present the Spitalfields Nippers at **The National Portrait Gallery** in an illustrated lecture on Thursday April 2nd at 7pm, showing the photographs and telling the stories surrounding their creation.

 ${\bf Sir\ Edward\ Burne-Jones\ \it ``If\ hope\ were\ not,\ hearts\ should\ break''}$
